A. PROGRAM OVERVIEW

The Roof Repair Program is available to assist low to moderate-income homeowners in the City of Sharon. This program will address roof repair and replacement, and repair and replacement of soffit, fascia, gutters and downspouts.

B. ELIGIBILITY REQUIREMENTS

- a. Property must be owner-occupied and located within the City of Sharon, Pennsylvania. A copy of the deed is required.
- b. Program is income-based. Applicants must meet income guidelines on page 6 in order to qualify. Proof of income from all sources for all members of the household is required. If employed, 3 months of most recent consecutive paystubs are required. Sources of income include, but are not limited to, employment, self-employment, Social Security, SSI, public assistance, pensions, retirement benefits, annuities, alimony, spousal support, child support, interest and dividends. **Falsification and/or omission of income sources will result in immediate denial from the program.**
- c. Property taxes, sewer fees, garbage fees and all municipal fees must be current, and must remain current, as long as the City of Sharon has any liens on the property. Copies of paid receipts for property taxes, most recent paid sewer bill and garbage bill are required.
- d. Homeowner's insurance must be current and must remain in effect as long as the City of Sharon has any liens on the property. A copy of current homeowner's insurance policy is required.

C. APPLICATION PROCESS

All applicants who meet the eligibility requirements will be placed on a waiting list. Projects will be completed in the order that the applications are received.

Approximately 3 to 4 housing rehabilitation projects will be completed quarterly, depending on available funding and the cost of the repairs.

D. ELIGIBLE ACTIVITIES

The work done must be in compliance with local adopted codes where applicable. If no local codes are adopted for the type of work to be performed, the work must be performed according to all applicable state codes.

Examples of roof repairs include, but are not limited to, the following:

- a. Roof repair
- b. Complete roof replacement
- c. Repair or replacement of soffit and fascia
- d. Repair or replacement of gutters and downspouts

E. LEAD-BASED PAINT

All homes built before 1978 are subject to lead-based paint (LBP) requirements. A qualified inspector from the Community Development Department will test all painted surfaces that will be disturbed during repairs for LBP, or presume the presence of LBP. If LBP is present, all LBP surfaces disturbed as part of the rehabilitation process must be repaired using lead-safe work practices by a certified contractor per federal regulations. Once repairs have been completed, a clearance test is required.

F. LOAN PROVISIONS

Securing the Property

A mortgage will be recorded in connection with all low-interest loans provided under the program. If there are other rehabilitation liens previously recorded on the property, this must be taken into consideration in approving the loan.

Low Interest Loan

In the case of households which meet HUD Community Planning and Development (CPD) criteria for low and moderate-income guidelines, a low-interest loan up to \$5,000 may be made for roof repairs. Any additional amount over \$5,000 and up to \$15,000 will be a grant to the homeowner.

In the event of the death of a low-income homeowner, the low-interest loan will become due and payable upon the death of the owner(s) or transfer of ownership to any person(s) for any reason. The City on approval by City Council may waive this requirement, if the survivors of the owner(s) are also low-moderate income and continue to reside in the property.

Default

Delinquent Loans: In the event that a borrower becomes delinquent in their loan payment for a three (3) month period, the Community Development staff will:

- i. Notify in writing each homeowner who is three (3) months past due on their rehab loan payback;
- ii. Set an appointment to meet with them to resolve this matter;
- iii. If the homeowner fails to respond to the City's letter or if nothing can be resolved from the meeting, the City will file a civil complaint with the local Magisterial District Office and ask for a judgment against the homeowner for the past due amount owed to the City.
- iv. Liens for the total amount of the loan will remain on the property until the balance is paid in full.

G. ADMINISTRATION OF THE PROGRAM

The Roof Repair Program is administered by the Community Development Department.

a. Initial Screening, Inspection and Administration of Loans

The initial screening of applicants and the administration of loans will be performed by qualified personnel of the Community Development Department. The inspection of units, preparation of work write-ups and inspection of rehabilitation work will be performed by qualified personnel of the Community Development Department.

b. Revisions

These guidelines may be reviewed from time to time by approval of Sharon City Council. The Community Development staff may make recommendations to Council for their consideration and approval.

H. REHABILITATION PROCESS

- a. All applications received before the application deadline, along with required supporting documents, are reviewed; Household income is calculated.
- b. If the applicant is determined to be income-qualified, and has met every qualification for the program, the applicant is placed on a waiting list.
- c. The property will be inspected with the homeowner; A corrective action report of work specifications and cost estimates for construction is prepared; The Housing Rehabilitation Specialist reviews the work specifications with the homeowner; Work specifications are approved by the homeowner.
- d. Bid specifications are sent out for bid to contractors from the City of Sharon's Housing Rehabilitation Approved Contractor's List; Bids are reviewed with homeowner; Homeowner accepts bid.
- e. The homeowner will sign a contract, proceed order and stipulation against liens with the contractor, and all necessary mortgages, notes and related paperwork, with the City of Sharon.
- f. Progress inspections will be made, and a final inspection of the work will be performed by qualified personnel of the Community Development Department.
- g. The contractor furnishes the homeowner guarantees, warranties, inspection certificates and other required documentation, including a one (1) year guarantee on contractor's work; Final payment is made to the contractor.

I. CONTRACTOR(S)

Qualifications of Contractors

The eligibility of contractors will be determined by the qualified personnel of the Community Development Department and be registered with the City of Sharon.

Debarment of Contractors

The City of Sharon reserves the right to debar any contractor(s) or subcontractor(s) from the City's Housing Rehabilitation Approved Contractor's List for any of the following reasons:

- a. Theft of any rehabilitation homeowner's personal/real property.
- b. Coercing any homeowner(s) into additional work for bid over and above original rehabilitation work write-up.
- c. Defamation of character or workmanship of contractors on the Housing Rehabilitation Approved Contractor's List to any prospective rehabilitation homeowner during the bidding process and work.
- d. Consistent violations of workmanship on rehabilitation contracts awarded.
- e. Failure to keep current the required bonds, insurance and contractor's licenses for all work performed under the City's Housing Rehabilitation Program; including lead-based paint certifications/licenses.
- f. Failure to re-apply annually as a Registered Contractor with the City of Sharon.
