Mercer County Bridge No. 2329 on Wengler Avenue over Pine Hollow Run.
Bridge Closed

Dear Council:

The above referenced bridge was closed to all vehicular traffic on July 12, 2022 in accordance with the requirements of Section 4902(a) of the PA Vehicle Code.

This closure was done in the interest of public safety and is necessary because the main bridge members (beams) are deficient and cannot safely carry the lowest legal load of 3 tons.

Please provide this information to affected residents, local services (such as emergency service providers, disposal services, public transportation, etc.) and anyone else that may be impacted by this restriction.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,
Mercer County Bridge Department

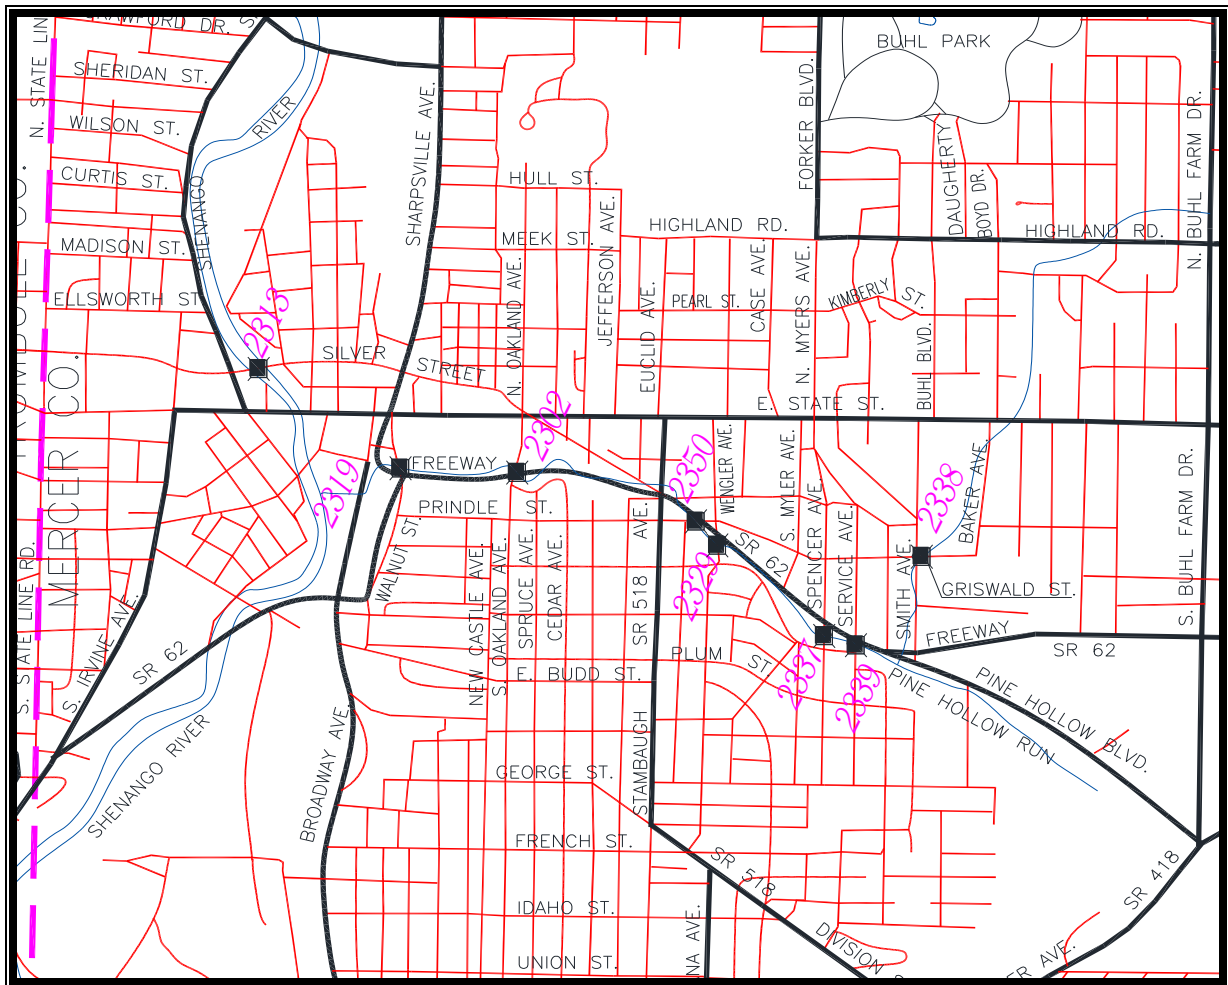

Bradley D. Elder, P.E.
County Bridge Engineer
