

Oversize/Overweight Permit

The proper City officials are hereby authorized to issue overweight permits for vehicles operating within the City, in accordance with the provisions of the Pennsylvania Vehicle Code, 75 Pa.C.S.A. 4968 and 75 Pa. C.S.A. 4961, as amended. City officials may issue permits at a single instance, or for multiple usages by an identified vehicle during a twelve-month period. A fee of forty-three dollars (\$43.00) if said oversized vehicle is less than or equal to fourteen (14) feet wide and ninety-three dollars (\$93) if said vehicle is greater than fourteen (14) feet wide shall be collected for each single instance permit issued, unless, a permit is requested for a calendar year, in which case the fee shall be determined by the finance director based on the estimated number of trips to be completed during the next year per each vehicle route permitted. Council may, by resolution, amend the fee to be charged for the permit or permits, provided, however, that any such amendment shall not affect permits issued prior to the effective date of that amending resolution.
